Before adding a request please:

Search for existing articles on the same subject. If an article exists, but not at the title you expected, you can create a redirect, or request creation.

Check spelling and capitalization.

Be sure the subject meets Wikipedia's inclusion criteria. Computing and Internet subjects should be mentioned in reliable, independent sources such as a review in an online newspaper or magazine.

Do not duplicate existing requests. Search for similar requests:

Also, when adding a request, please include as much information as possible (such as webpages, articles, or other reference material) so editors can find and distinguish your request from an already-created article. Roughly three...
