Wikipedia:Administrators' noticeboard/CXT/Pages to review

==== Interim period ====

Following acceptance of a proposal at WP:AN/CXT, we are now in an interim period where anyone may "vaccinate" articles in this list to prevent them from being removed. Details on how to this can can be found here, but it's basically:

Article to save - articles with title in strikeout type will be kept

Article to remove - articles without strikeout type generally will be removed; you may add the word "kill" to the comment line to guarantee removal. (But User space items will not be removed regardless, and need not be struck.)
