

The Magic Wallet Plastic Canvas Pattern

Scenes 1

Scenes 1 in Plastic Canvas All 25 plastic canvas patterns in this book are made from a full sheet of 7 count plastic canvas mesh. On each pattern we have made the grid \"easy to count\" by leaving a row of holes along the outside edge of the pattern. These were designed for any crafty person who would like to change the patterns up a bit or stitch in your choice of colors. You can stitch using the colors charted or in any color you like using a medium worsted weight yarn. Some patterns include more than one shade of a color and this is used for shading. If you don't want to stitch the design with the shading, simply stitch the entire area using just 1 shade of the charted color. All stitches are done using a Continental Stitch, and to finish, overcast stitch the edges! [http: //LovePlasticCanvas.com](http://LovePlasticCanvas.com)

Designing Your Own Plastic Canvas Patterns Made Easy

Hello and welcome to making your own plastic canvas pattern designs! This workbook contains 20 blank templates to design your own plastic canvas patterns. Each template includes the coasters and holder. I recommend using colored pencils to fill in your stitches as they are easy to erase should you need to move a stitch while designing. There is also space for a title, notes, instructions and a color key all for you to fill in based on your design. Dancing Dolphin Plastic Canvas Patterns has designed 1000's of unique and original craft patterns. Plastic canvas is a variation of needlepoint and other canvas work crafts, such as embroidery. Our patterns are designed to use acrylic or wool based yarns in medium or worsted weights. Because plastic canvas mesh is so rigid, it is perfect for creating 3-dimensional objects such as tissue box covers, small jewelry and trinket boxes, handbags, magnets, dolls, vases, napkin holders, windchimes and many other types of both decorative and useful items. Dancing Dolphin Patterns have full instructions, and large full color charts. Plastic canvas comes in different colors and with various size holes for different thicknesses of yarn. As with any textile canvas, the hole size is called count. For example, 10-count plastic canvas mesh has 10 holes per linear inch. The most common sizes are 5, 7, 10, and 14 count. It is sold most often in sheets; pre-cut shapes are available in circles, triangles and novelty shapes such as butterflies, hearts, and stars. Our patterns are designed using 7

count plastic canvas mesh.

Design Your Own Boutique Tissue Box Covers

Designed to eliminate the guess work out of getting the right size and leaves the best part for you...creating the design(s)! There are computer programs out there to do this, however there are some people who still like doing it the old fashioned way. This is also geared for children, they find it very enjoyable because they get to color draw and then create a real life item from their art! All you need to make the patterns are your imagination, colored pencils or crayons (markers are not suggested as they might bleed through the paper), and knowledge of basic plastic canvas stitches. This book provides enough graphs (10 tops and 40 sides) to make 10 boutique tissue box cover patterns. Also included are: A material list and instructions for assembly per tissue box cover. And a page showing basic plastic canvas stitches.
