This is a list of notable computer-aided technologies (CAx) companies, for which Wikipedia articles exist,

and their software products. Software that supports CAx technologies has been produced since the 1970s, for a variety of computer platforms. CAx applications include computer-aided design (CAD), computer-aided engineering (CAE), and computer-aided manufacturing (CAM). In addition, industrial-range CAx applications are supported by dedicated product data management (PDM), enterprise resource planning (ERP), and other software layers. General-purpose PDM and ERP software is not listed here.
