Tony Hawk's Pro Skater 5 is a 2015 skateboarding video game developed in a collaboration between Robomodo and Disruptive Games, and published by Activision. The tenth main installment in the Tony Hawk's series, the game is the first new title in the main series since 2007's Proving Ground and the first Pro Skater since 2002's Pro Skater 4, as the series had been put on hold following a lack of critical and commercial success with later games.

As the licensing deal between Tony Hawk and Activision was set to expire by the end of 2015, the game was hastily developed within a few months and released unfinished, with most content contained in a large day-one patch. As a result, the game was panned heavily by critics upon release, with criticism centering on its graphics, bugs and glitches, controls...

The National Unity Party of Canada (NUPC) was a Canadian far-right political party which based its ideology on Adolf Hitler's Nazism and Benito Mussolini's fascism. It was founded as the Parti national social chrétien du Canada (PNSC) by Nazi sympathizer Adrien Arcand on February 22, 1934. The party's activities were originally limited to Quebec, but it later expanded to Ontario and Western Canada. Party membership swelled in the mid-to-late 1930s as the party absorbed smaller fascist groups across the country. Following the outbreak of World War II, the Canadian government banned the NUPC on May 30, 1940, under the Defence of Canada Regulations of the War Measures Act. Arcand and many of his followers were consequently arrested and interned for the duration of the war.

Sufi literature consists of works in various languages that express and advocate the ideas of Sufism.

Sufism had an important influence on medieval literature, especially poetry, that was written in Arabic, Persian, Punjabi, Turkic,

Sindhi and Urdu. Sufi doctrines and organizations provided more freedom to literature than did the court poetry of the period. The Sufis borrowed elements of folklore in their literature.

The works of Nizami, Nava'i, Hafez, Sam'ani and Jami were more or less related to Sufism. The verse of such Sufi poets as Sanai (died c. 1140), Attar (born c. 1119), and Rumi (died 1273) protested against oppression with an emphasis on divine justice and criticized evil rulers, religious fanaticism and the greed and hypocrisy of the orthodox Muslim clergy. The poetic forms used...
