Wikipedia:WikiProject Java/List of articles uncategorized

List of reflective programming languages and platforms (Bad candidate) MATLAB (Bad candidate) Printf (Bad candidate) Serialization (Good Bad candidate)

This aims to be a complete article list of Java topics not yet categorized under Category:Java platform (or a subcategory):

Matlab Code For Firefly Algorithm

First we have to put Good, Bad or Unclear instead of the ?

Then we will decide to put the Unclear candidates under Good or Bad.

We will then cross (eliminate) the Bad candidates in the list.

We will also put the Good candidate articles under Category:Java platform (or a subcategory).

Most (but not all) Good candidates should also be tagged as WikiProject_Java on their talk page.

Good candidates articles are those that document a topic that pertain MOSTLY to the Java platform or programming language.

Articles that make a mention of the word Java but talk MOSTLY about something else are probably Bad candidates (including Disambiguation pages).

Articles written about a piece...
