IDC (electrical connector)

An insulation-displacement contact (IDC), also known as insulation-piercing contact (IPC), is an electrical connector designed to be connected to the

An insulation-displacement contact (IDC), also known as insulation-piercing contact (IPC), is an electrical connector designed to be connected to the conductor(s) of an insulated cable by a connection process which forces a selectively sharpened blade or blades through the insulation, bypassing the need to strip the conductors of insulation before connecting. When properly made, the connector blade cold-welds to the conductor, making a theoretically reliable gas-tight connection.

IDC

Look up IDC in Wiktionary, the free dictionary. IDC may refer to: Independent Democratic Conference, members of the New York State Senate Industrial Development

IDC may refer to:

Becamex IDC

Becamex IDC (Vietnamese: Tổng công ty Đầu tư và Phát triển Công nghiệp) is a multidisciplinary corporation whose headquarters is located in Bình Dương

International Data Group

Corporation (IDC) and Foundry (formerly IDG Communications). International Data Group was initially founded as International Data Corporation (IDC) in 1964

International Data Group (IDG, Inc.) is an American market intelligence and demand generation company focused on the technology industry. IDG, Inc.'s mission is centered around supporting the technology industry through research, data, marketing technology, and insights that help create and sustain relationships between businesses.

IDG, Inc. is wholly owned by Blackstone and is led by Genevieve Juillard, who was appointed CEO of the company in 2023. Juillard serves on IDG, Inc.'s leadership team along with IDC President Crawford Del Prete and IDG, Inc.'s Chief Financial Officer Tiziana Figliolia.

IDG, Inc. is headquartered in Needham, Massachusetts and is the parent company of both International Data Corporation (IDC) and Foundry (formerly IDG Communications).

IDC School of Design

Design Centre School of Design (IITB IDC School of Design) is a design school part of the Indian Institute of Technology Bombay, a public research university

The IIT Bombay Industrial Design Centre School of Design (IITB IDC School of Design) is a design school part of the Indian Institute of Technology Bombay, a public research university in Powai, Mumbai. It offers four-year Bachelor of Design (B.Des.) and two-year Master of Design (M.Des.) programmes, a five-year integrated Bachelor's plus Master's in design programme, and doctoral programmes (PhD) in design across various disciplines such as industrial design, communication design, animation and automobile design.

Reichman University

District. It was founded in 1994 as the Interdisciplinary Center Herzliya (IDC Herzliya, Hebrew: המרכז הבינתחומי הרצליה) private college, before being rebranded

Reichman University (Hebrew: אוניברסיטת רייכמן) is Israel's only private university, located in Herzliya, Tel Aviv District. It was founded in 1994 as the Interdisciplinary Center Herzliya (IDC Herzliya, Hebrew: המרכז הבינתחומי הרצליה) private college, before being rebranded in 2021.

It receives no direct government funding, and in August 2021 became Israel's first private university.

Information and communications technology

Information and Communications Technology, About Archived 2018-02-04 at the Wayback Machine "IDC

Global ICT Spending - 2018 - \$3.8T". IDC: The premier global market - Information and communications technology (ICT) is an extensional term for information technology (IT) that stresses the role of unified communications and the integration of telecommunications (telephone lines and wireless signals) and computers, as well as necessary enterprise software, middleware, storage and audiovisual, that enable users to access, store, transmit, understand and manipulate information.

ICT is also used to refer to the convergence of audiovisuals and telephone networks with computer networks through a single cabling or link system. There are large economic incentives to merge the telephone networks with the computer network system using a single unified system of cabling, signal distribution, and management. ICT is an umbrella term that includes any communication device...
